FINALS WEEK 2 RDFNL PREVIEWS

with Grace Bibby

Riddell vs Wallan

The first opportunity to book their spot in the grand final will be up for grabs today and it is the tale of two different stories. Riddell are the minor premiers coming into this one fresh off the bye while Wallan came from behind for a hard-fought win over Diggers Rest. Two years ago these teams found themselves in this exact position. Will Riddell win their way through to another grand final or will Daniel Nolan and his men finally make it to the big one? If Riddell win it will be the first senior grand final for their coach Arron Bray who has fallen short more times than you can count on one hand.

From the Coaches

Riddell: We are really happy with where we are at. We watched all the teams slog it out last weekend and we got a good session into the legs on Saturday. Wallan have every right to be up and about it was a really good win over Diggers Rest. We still think if we worry about us and play to our strengths we are going to be in a good position. If we play attacking and just adjust to what they do well during the game we think we will be in good shape. It is going to be a really good contest. It has been close both times this season and they will be wanting to get us. We want it as much as anyone. Avoiding a preliminary final is the best way forward we believe. Chirs Stewart obviously can just flick a switch and go into beast mode but he can only play in one position. We think Josh Grabham will match up on him in the middle and then Ben Sonogon will get the job probably in the second half when he goes forward. There is no doubt he is a fantastic player and a tough match up but we think our forwards are also pretty good

and their back six might be where they are most vulnerable.

Wallan: It was another epic finals battle. We have had some fantastic contests over the past few years with Diggers. To their credit, they were huge in the second quarter the half time break was so important to pause, reflect and make a few changes. To the boys credit, they adapted and worked their way back into the contest. We obviously don't want to be 28 points down again but it does give the group some belief, to never give up and keep fighting. Some pleasing performances were from Chris Stewart, Brodie & Riley Gilchrist, Reuben Rode, Pat Mahoney and Jake Carlisle. Stevie Boyall continues to impress with his return too. We were also down two rotations in the second half with unfortunate injuries to Fowler and Mackertich. This Saturday will be a huge test, as we play Riddell who finished on top and deserve favouritism. They have had the extra break but our boys have some strong momentum and believe anything is possible. We are playing an exciting brand at the moment and hopefully it can hold up again on Saturday.

Players to watch

Riddell: Dylan Tarczon is a bull that can kick goals and his size and skill in the forward line will be a tough match up for Wallan.

Wallan: Chris Stewart was a match winner with just nine possessions last week. Can he be as damaging this week?

Prediction: Riddell to book their spot in the 2024 Bendigo Bank RDFNL Senior Grand Final.

FINALS WEEK 2 RDFNL PREVIEWS

with Grace Bibby

Diggers Rest vs Macedon

Another do or die final for Macedon and the first taste of it for the Burra line up. Diggers Rest jumped out of the blocks but were unable to hold off a fast finishing Wallan while the Cats overcome a lightning delay, all finals nerves and Romsey to continue their season. Interesting that these four teams played in the exact matches two years ago following the same matches in week 1 of the same finals series.

From the Coaches

Diggers Rest: We did a lot right against Wallan on the weekend. We played some really good football but you just cant afford to have a lapse or take your foot off the pedal. We left the door open and let them back in and then couldn't stop the momentum. Hopefully we have learned from that and we can be better across the four quarter this weekend. Macedon are playing some really good football and AI has them playing well so it will be a good contest. We still strongly believe our best football is good enough. A lot of this group have been in this position before and we were able to turn it around. We will get a few players back this week in defence which should sure us up a little bit. The stakes are pretty high now hopefully we can play our best football and get a win. It is always a worry coming up against a young team who are fearless.

Macedon: I love coaching this group. They adapted so well to what we asked. Like everyone we knew that weather was coming and we knew what the rules were. We wanted to get a good start. We changed a fair bit of our normal structure and the trust the group have was just remarkable. They listened and just went to work.

We have so many young kids playing their first senior final and then we have some players who haven't won one in six years. The young kids played well but so did the older guys it was just a fantastic win. We have to back ourselves in to keep riding the wave but if you look at the stats Diggers Rest were pretty good on the weekend. It is going to be a really tough game but we hope we are up to the challenge. We have hung tough in some close games and been on the wrong end. We have been in all but one game this season at three quarter time. If we do that again we will have our chances. We know finals go up another level and the boys certainly felt that last weekend and hope we can rise again this weekend. It will be a big occasion and to add to the day we will celebrate an icon of our club Nippa playing his 250th senior Macedon game. He is arguably the most decorated Cat to have ever played and to celebrate his milestone with a win in the second week of finals over Diggers Rest would be something pretty surreal.

Players to watch

Diggers Rest: Jaidyn Caruana got plenty of the ball and was one of the Diggers Rest best in their loss in week 1 of the finals.

Macedon: Xavier Morgan was the player of the week in the first week of finals with his five score involvements.

Prediction: Diggers Rest to end Macedon's season after a gallant fight from the Cats.

TACKLE YOUR FEELINGS

'Be a Champ'

- Tackle Your Feelings ambassador Nathan Buckley and social media larrikins the Shepmates have teamed up to create a humorous video celebrating local football club culture and encouraging players and coaches to help support the mental health of their footy mates
- Watch the video
- As part of the campaign, Tackle Your Feelings is looking to celebrate and recognise those local 'champs' who go above and beyond when it comes to investing in mental health
- Being referred to as a 'champ' is not always cast in a positive way, so Tackle Your Feelings is looking to reclaim the phrase and spin it around to celebrate these people who often don't get the recognition they deserve with the role they play at their clubs
- We want players, coaches, committee members, support staff and umpires to be a champ and book their club in for a Tackle Your Feelings workshop
- Clubs can register for a workshop at **tyfo.tackleyourfeelings.org.au/login/**.

Adam Baldwin, Program Manager said: "Clubs are beginning to understand their responsibility to create an environment which supports the mental health of their players. We want clubs to prioritise mental health in the same way they currently do physical health. Tackle Your Feelings is a free program that can help clubs kick-start the development of their own mental health game plan."

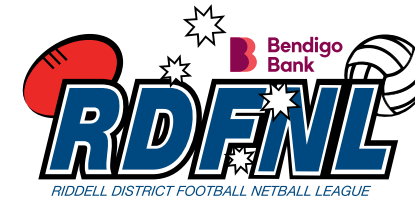

Book a @tyf_au workshop today.

What is Tackle Your Feelings?

- Tackle Your Feelings is a FREE mental health program for community football/netball clubs
- The program was formed by the AFL Coaches Association, AFL Players' Association and Zurich Insurance in 2018 following the death of Adelaide coach Phil Walsh
- The program is delivered by a local psychologist and aims to help participants gain the tools to Understand, Recognise and Respond to signs of mental ill-health.
- The program is based on the education delivered to the AFL industry and is led by high-profile player and coach ambassadors
- Since 2019, the TYF program has been delivered to more than 10,000 participants in every Australian state and territory and it's available to your club in 2024
- Quote from TYF ambassador Nathan Buckley: "It's an awesome program. It's so succinct and gives you really good strategies... It's a really good conversation starter."

RIDDELL FOOTBALL NETBALL CLUB

Club Notes

THE RIDDELL RUB:

Welcome to the 2nd week of the 2024 finals series. The first week of the finals saw 5 Bomber sides in action at Romsey last Saturday. The reserves went down by 13 points to a well drilled and experienced Wallan line up. In a game that was a low scoring arm wrestle Wallan managed 4 goals in 7 minutes after halftime to open up the match winning lead. The lads will learn plenty from the loss and will take on Diggers at Woodend. Let's make amends fella's.

In netball, the 19s won by a point after winning three of the four quarters and will take on Wallan on Saturday at Romsey. They split their meetings during the H&A season. D grade came from behind in a tenacious effort to overcome Woodend in a nail biter to prevail by a point. They face the Giants on Saturday at Romsey. C Grade also played Woodend and won by 2 points and by this stage the coaching staff were looking for a defibrillator as the results were that close. C Grade also move to a second semi on Saturday at Romsey against Macedon. Well done to all involved. In A grade a fierce contest ensued but we unfortunately lost by 3 against Wallan. The girls have the double chance and will face off against Melton Centrals on Sunday at Woodend in a do or die semi-final. Go A Grade!!

Best of luck to the Senior boys & B grade girls on Saturday playing for a spot in the GF. A massive thanks to Snowy, Rach, Pete, Sean, Bluey and Robbo who ran the bar all day at Diggers last Sunday. Great team effort. Thanks also to Josh, Boobs, Hammer and Phil who helped with set up and pack up. GO BOMBERS! A massive thank you to all our sponsors and members for their support throughout season 2024. We

look forward to seeing a large amount of Bomber supporters at our finals.

LET'S BRING OUT OUR BLACK & RED FOR THE NEXT 4 WEEKS & WEAR IT WITH PRIDE!!

Another huge Saturday for the Wallan Football Netball Club to begin the finals series.

Thank you very much to all the volunteers that helped out on the BBQ and in the canteen. It was a fantastic team effort to successfully get through the day along with supporting three football teams and one netball team. Everyone's contribution was greatly appreciated, thank you we couldn't have done it without your support.

Thank you to Kim's Coffee van for keeping everyone caffeinated, much appreciated! Thank you to the Romsey Football Netball Club for allowing us to use their facilities and to being setting up on Friday, much appreciated!

Club Notes

Hello all Redback supporters. Well we unfortunately lost our senior football final last Sunday at a very windy Diggers Rest. Add to that a 1 hr delay for the last qtr due to lightening. Our boys were just not good enough on the day. As disappointing as this is, we are all extremely proud of our young team and coaches.

On a brighter note, our 19s, D and B grade get through to the second week of finals. What a great achievement from all coaches and players. Once again we would like to acknowledge and thank all our valued sponsors. I hope our club has represented your businesses proudly.

Good luck to all our teams this week. Especially our Reserves football team.

Look forward to seeing you all during our finals campaign

LANCEFIELD FOOTBALL NETBALL CLUB

Club Notes

A big first week of finals for Lancefield netballers with two sides playing and both of them victorious. Our B grade girls got out to an early lead on Saturday against Diggers Rest and were able to hold that for the rest of the match. Tarnee Hammond had her eye in dropping 41 goals, the Tigers running out 7 goal winners 49-42. Meanwhile on Sunday our C grade team took to the court also against Diggers Rest. It was a tight contest right throughout with Lancefield holding a narrow lead in the first quarter and managing to hold on for the remainder of the game leading each break by 3 points before winning 24-20. Meaghan Keogh scoring 13 goals and Stacey Parks 11.

The Lancefield FNC is really excited to announce that an event that was once one of the features of the Macedon Ranges sporting calendar is back after an absence of more than 60 years when Lancefield plays hosts one of Victorian athletics major events. The Bendigo Bank Lancefield Gift will be run on Saturday November 16 for the first time since the 1960's. Athletes and fans from across the country are expected to converge on Lancefield for the event that will be highlighted by the running of the richest men's and women's 400m races in Victoria featuring \$6,000 in prizemoney each as well as a 120m sprint worth \$5,000 each.

President of the Bendigo Bank Lancefield Gift organising committee, Gina Morgan, launched the event at a function at Lancefield Park recently. "It's exciting for Lancefield to be holding an event of this magnitude. To be able to bring back something like this after so long is great, but to have it include the richest 400m race in Victoria in our very first year back is incredible." The event will be sponsored by the Bendigo Bank in Lancefield and Romsey. Morgan said they were expecting the event to bring a lot of people from around the Victoria and interstate to our town. "Early indications are that athletes should number in the hundreds and then they bring their own support teams on top of that. It's a great opportunity for us to show off Lancefield."

Also on the organising committee is the 1980 Stawell Gift winner John Dinan. He has been instrumental in putting a program together that will meet the requirements of athletes in the early part of the running season. "One of the really exciting aspects of this event will be having the finals run at night under lights. It will look spectacular". Dinan said that while the 2024 Gift will be a big event on the athletics calendar, he sees great potential for the event to grow into something even bigger in the next few years.

WOODEND-HESKET FOOTBALL NETBALL CLUB

Club Notes

History was created last weekend with all 5 netball teams making it to the finals. This is recognition of the hard work and dedication that has gone into the netball program over the last 8 years.

With A grade finishing on top of the ladder and not having to play last weekend they are looking forward to taking on Wallan this week. This season the games have been split between the two sides. We wish A grade all the best as they aim for back-to-back premierships. Their second half of the season has seen the side back to their best. Good luck to Ty and the team.

C grade will play in the semi-final against Lancefield after narrowly losing to Riddell last weekend. In a game where the lead changed many times, the team fought hard all game but just couldn't quite get there. They are looking to bounce back against Lancefield and earn a spot in the preliminary final.

D grade also lost in a super tight contest against Riddell going down by one goal after holding the lead for most of the game. The team played incredibly well and will take a lot of confidence into their game against Romsey. We hope they will join C grade in the preliminary final also. With the semi-finals on Sunday being played at Woodend we will be hoping for a huge home crowd.

It wasn't to be for our 19's and B grade teams who lost their elimination finals. The 19's came up against a very strong Melton Centrals side. Credit to the team for continuing to play out the game and support each other. Big thanks to Kellie Duff for coaching the team this year. B grade made a great start to their match

against Romsey but were not able to keep the pressure up over four quarters in a physical contest. Big thanks to Ty Coppinger for coaching the team this year and creating history with the first B grade team to play finals.

Across the club senior football coach Alistair Rae and reserves coach Grant Burns have signed on for next year. The club is actively looking for a 19's coach to help us build on the great momentum the Woodend Junior Football Netball clubs under 17's and 15s built towards the end of the year.

Reminder, tickets are available for the 2024 Presentation night to be held on Saturday 21 September at the Kyneton Bowls Club – head to our facebook page for all of the details.

We would like to take this opportunity to thank our major netball sponsor Elements Design and Build for their generous support of the club.

ROMSEY DENTAL NETBALL REPORT

by RDFNL Netball Manager Grace Bibby

Finals make for some interesting lessons on leadership and performance, and these apply equally to business and life overall.

Last week, I had the chance to observe first hand the dynamics of winning and losing at the RDFNL Senior Finals. Whereas the early rounds of competition were about separating out the more talented teams from the less, the later rounds were all about the differences in their ability to perform under pressure. That's where it got really interesting. As we watched equally talented teams either wilt under the pressure or rise to the occasion, the word that kept cropping up from the players themselves to the coaches and also my fellow spectators was: composure. This seemed to encapsulate the difference between winning and losing at the top level of the competition and even more so on Sunday for our Elimination Finals.

So how do we define composure? The dictionary says it is a "serene, self-controlled state of mind; calmness; tranquillity." In the context of finals level competition, it means the ability to keep a cool head and perform to your full potential under pressure; it's about being able to make and execute on the same decisions in the same way when under pressure as when there is no pressure at all.

We saw teams get frazzled and fall apart as the competition got tougher ("they didn't keep their composure") whereas they had played as a well-oiled unit earlier in the season. We watched individual players work hard to get the ball up the court and finally break free but the goalers weren't able to convert and we saw defenders create turn overs and then give it straight back while others seemed to revel in the intensity of the moment and make heroic shots and come up with intercepts against all odds.

Imagine what we could achieve if each of us could be so much in our element when the going gets tough — if our environment could have no adverse effect on our performance at that crucial client meeting or when speaking in front of hundreds of our peers.

So how do we improve our composure? How can we sustain peak performance under increasing pressure? Part of this ability is intrinsic, and some people are simply born with it. But fortunately for the rest of us, much of it can be acquired through self-awareness, experience and training.

1. Stay Passionate but Don't Allow Your Emotions to Get in the Way

Seasoned leaders know that passion is everything and burying their emotions is futile. But that doesn't mean we can wear our emotions on our sleeves, especially when cooler heads must prevail. Don't yell or get overly animated when times get tough. Keep positive body language.

2. Keep a Positive Mental Attitude

Opposition are always watching their leader's actions, behaviour, relationships and overall demeanour. During the most difficult of times, leaders must maintain a positive mental attitude and manage a narrative that keeps their teammates inspired and hopeful. This is where your leadership experience and resolve can really shine – by staying strong, smiling often and authentically exhibiting a sense of compassion. Leaders set the tone for the team and club they serve. A positive attitude can neutralize chaos and allow a leader to course correct through any negativity even if the game is not going their way.

3. Remain Courageous

During uncertain times, leaders must remain fearless. I've been through ups and downs in my career and have learned that when you begin to fear adverse circumstances, you not only put yourself in a position of vulnerability, but it becomes extremely difficult to act rationally and focus. When you panic, you mentally freeze. If you begin to get fearful, ask yourself: What is the worst possible thing that can happen? When you have the will and confidence to face that, you will realize that the situation is manageable and can be resolved. If you are a shooting don't stop shooting the ball because you are worried it will miss.

4. Take Accountability

Leaders should be most composed during times of crisis and change and be fully committed to resolving the issue at hand. When they are accountable, this means that they have made the decision to assume responsibility and take the required steps to problem solve before the situation gets out of hand. When leaders assume accountability, they begin to neutralize the problem and place the environment from which it sprung on pause. It's easy to lose composure during finals especially if you let concern turn into worry and worry turn into fear. By maintaining composure, the best leaders remain calm, cool and in control – enabling them to step back, critically evaluate the cards that they have been dealt and face problems head-on. A show of composure also puts those you lead at ease and creates a safe and secure culture where no one needs to panic when the heat is on.

We are looking forward to being on the sidelines again this weekend to see which teams and individuals will stand up under pressure.

Please remember everyone is entitled to an opinion but if it may insult someone else please keep it to yourself.

We want RDFNL to be a safe place for people to enjoy netball as players, coaches, umpires and spectators.

ROMSEY DENTAL NETBALL PREVIEW

by RDFNL Netball Manager Grace Bibby

Woodend Heskett vs Wallan

A fantastic match up with the winner to progress through to the big dance. It has been a number of years since Wallan reached a grand final and they will be hungry to do it with a win over last years premiers. For Woodend Heskett they are fresh off the week off from finishing on top of the ladder.

Woodend Heskett: Woodend Heskett have the best defensive end in the competition. Led by Tayissa Coppinger with Georgia Bowkett and Hayley Rogers the Hawks just get some much opportunity to attack where the opposition can go many possession without getting a look at a shot. Where they can be vulnerable is their goal shooting circles with none of their three options really lighting up the shooting percentages this season. Finals are a different ball game and with the week off in round one they will have to put the nerves behind them quickly. The good thing for Woodend Heskett is most of the team have been in this position before and know what it takes.

Wallan: Wallan were fast starters last week and did a great job out working the Bombers to secure a win. While the shooting conditions were not great and the game was physical Wallan were able to look after the ball and ensure the goalers had the opportunity to convert. Alyssa Pearce was fantastic in defence for Wallan and will be a key player to shut down Charlee Duff Tytler. We know the Wallan players are going to right until the very end and give it their all.

Players to watch

Woodend Heskett: Each week we talk about the defenders but there will be a lot riding on the performance of Charlee Duff Tytler. She got the job done last season and will be looking to play a similar role this finals series.

Wallan: Maddi Wallmeyer is the key play maker for the Magpies when she plays well generally the team does too. She was among their best players last week.

Prediction: Woodend Heskett to win in a close one.

Riddell vs Melton Centrals

We expect a hard fought game in this one and hopefully the physicality stays in check.

Riddell: Riddell looked a little out of sorts in their first final. Ellen Close was a shining light in attack but they just struggled across the board. Emily Ktona will have her work cut out to make something happen this weekend if they bring the same level of intensity and composure. Riddell will have the upper hand with their finals experience with the likes of Meredith Ball and Lauren Close in the line up.

Melton Centrals: Melton Centrals recorded a strong win over Macedon. Having led by as many as 10 in the third quarter they had a slight lapse but it wasn't enough for Macedon to claw their way back. Melton Centrals asserted their presence on the game early with some hard contest for the ball. The hunger was there for everyone to see. The long reach of Avan Hobson troubled the Macedon attackers and in very windy conditions the Melton Centrals powerhouse shooter was easily the most influential player of the week.

Players to watch

Riddell: Shelby Holter got just three minutes of court time in the opening final but we all know what she is capable of when she is at her best. I don't think Riddell can progress without her playing well.

Melton Centrals: Helen Aumua was the difference between Melton Centrals winning and losing last weekend. She moves well. She has strong hands and she get plenty of shots from close range making her extremely effective under the goal ring.

Prediction: Melton Centrals to cause another upset and progress to a preliminary final.
